Following publication of the original article [1], the authors reported an error in the references and in Fig. 1.

First, the name and author year of one of studies used in discussion section is not correct.

- The incorrect citation is: Gershram et al. (2014)
- The correct citation is: Gershram et al. (2016) which refers to reference [22] in the list.

Second, reference [22] has the same details with reference [31]. Reference [31] should be removed and renumber all affected references.

Third, the word irregular in Fig. 1 is not correctly written.
